

Pad Printing Supplies

Extended Pad Printing Start-Up Kit

The Extended Pad Printing Start-Up Kit is provided to allow for operators to have the basic items in hand that will be required prior to start-up of your pad transfer printer. Along with pad selection, printing plate accuracy and the proper ink, a well organized work area and the proper tools close at hand will help ensure a long life for your printer and related accessories.

In addition to the Extended Pad Printing Start-Up Kit, ITW Imtran offers a full line of pad printing supplies including inks, ink additives, pads, printing plates, nesting fixtures, mixing supplies and ink clean up items.

The parts listed below may be purchased directly from Imtran individually or as a kit, they are in-stock and available for same day shipping.

Extended Pad Printing Start-Up Kit (#EXPPKIT)

Included Products, Descriptions and Part Numbers:

Imtran Cleaning Solution (#IMCSG) – Cleaning solution used for plates, ink cups, rings, and other related printing items. Also available in 5 gallon containers (#IMCS5G).

Wipe Off Paper (#25000) – Bulk roll of economical lint free paper, used in clean up of both equipment and related accessories.

Wipe Off Paper Stand (#30025) – Easy to use and sturdy stand designed to hold rolls of Wipe Off paper within easy reach of operators.

Ink Mixing Cups – 8 oz (#INKCUPS2) – 500 single use disposable paper cups used for ink mixing and solvent addition prior to adding the ink into the ink cup.

Ink Mixing Sticks (#INKSTICKS) – 500 single use wooden sticks used to assist in the transfer of printing ink from cans to the mixing cups as well as mixing transferred ink and additives to the required viscosity for printing.

Latex Gloves (#GLOVES) – 100 disposable latex gloves used when transferring ink and cleaning up work surfaces and cups.
