### **ITW Imtran develops GS-100CC Pad Transfer Printer**

Haverhill, Ma, October 1, 2005. ITW Imtran, an ITW Decorating Company, is pleased to announce the release of the GS-100CC Pad Transfer Printer. Designed to grow with your business, the new Converta-Cup system redefines flexibility, offering both single or two color options for either a 2.5" or 3.5" Closed Ceramic Eco-Cup or single option for a 5" Closed Ceramic Eco-Cup. Engineered for reliability, ease of operation, and durability, the GS-100CC features a large flexible work area, expandable stroke adjustments, and powerful compression ability. Additionally, the GS-100CC can run all popular ITW Imtran plug and play accessories, including the Eco-Slide cup attachment, rotary table or multi-station carousel options, tape-off device and much more.

ITW Imtran is a leading domestic manufacturer of product decorating solutions, offering a comprehensive line of standard and custom pad printing equipment, pad printing and hot stamping supplies, and technical services.
